

Social and Environmental Responsibility (SER) Policy

We are committed to preserving our environment by managing and eliminating the impact of harmful substances, as defined by industry standards, in the manufacture of Greenliant products.

Greenliant fully supports the Electronic Industry Code of Conduct (EICC), in addition to all internationally-accepted environmental regulations including the EU Directive 2002/95/EC (RoHS). Greenliant actively promotes environmental and social concerns with all partners and suppliers.

As a socially conscious company, Greenliant operates in full compliance with all local laws and regulations in regards to labor, health, safety, environmental management and ethics at all Greenliant locations.
